Sherman Way Vacant Property Workshop

There are currently empty buildings and vacant lots between Etiwanda and Lindley on the South side of Sherman Way Blvd. What can be done with these properties? What types of projects can be built there?

Today, February 1, the Los Angeles Community Redevelopment Agency will be presenting a Concept Workshop beginning at 6:00 PM at St. Catherine's of Sienna Church located at 18115 Sherman Way. .

The CRA currently owns two of the properties and is shopping them for possible projects.

At this event, you will have the opportunity to see the results of a market study for the properties and the surrounding area. The presentations will offer concepts of developments that could find their way to this location. This is an early first chance that we Stakeholders have for the opportunity to provide input into what ends up there. Join us and give yourself a voice.

Please RSVP to 818-708-5844. Light food and refreshments will be served

We hope to see you there.
